

Covenant of Mayors
for Climate & Energy

Local and regional authorities for EU Energy Policy

Borboly Csaba

member of the CoR

CoR Covenant of Mayors Ambassador

Local issues in EE

- LRAs are responsible for the majority of public buildings
- Building comfort is below standards
- Need for tailored approach in financing and design
- National rules should facilitate tackling local issues
- Low interest if not eligibility criteria

EE in public buildings

- Need for technical assistance from the government for all climate zones
- Support and incentives for piloting
- Add building comfort to evaluation
- Public works cost standards shall be updated reflecting Energy Policy
- County level integrated projects for EE, with TA from the EIB

Opportunities for EE

- In Harghita county the county's energy agency supported local authorities
 - Study visits
 - Road map
 - Project drafts
 - SEAP initiated
- Use EU Funds and initiatives for knowledge transfer, networking and innovation

Thank you for listening
